

Guatemala sells fiber optic cable at a high price

Overview

In 2024, the average optical fiber cables export price amounted to \$9,434 per ton, with an increase of 39% against the previous year. Overall, consumption, however, saw a resilient increase. In some cases, suppliers only guarantee quotations for the same day, and in extreme situations even half-day quotations are appearing in the market. Despite a strong compound annual growth rate (CAGR). Volza's data confirms a robust and dependable Fiber Optic Cables supply network. The pace of growth appeared the most rapid in 2020 when the average export price increased. During the third quarter of 2021 there was a growth in the Central American region in fiber optic cable imports by \$10 million, reaching \$55 million in purchases, the main supplier is China with \$18 million.
