

Haiti 24-core smart building fiber optic cable company

Overview

The new network is being built through a partnership with Columbus Networks, one of the major Pan Caribbean-Americas region's undersea cable operators, and Alcatel-Lucent (NYSE: ALU). Two years after Haiti was struck by a devastating 7.0 magnitude earthquake, the country is set to receive a major boost with the delivery of a US\$16m 200km undersea cable which will link the country to the world via internet connectivity, thanks to Digicel. From scalable broadband for growing businesses to dedicated, uncontended bandwidth for enterprise applications, our solutions are designed for performance, reliability, and 24/7/365. 6Wresearch actively monitors the Haiti Fibre Optic Cables Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our insights help businesses to make data-backed strategic decisions with ongoing market dynamics.
