

How much does 15 meters of cable tray cost

Overview

Steel trays typically cost between \$5 to \$25 per meter. They are strong, durable, and widely available, making them ideal for general-purpose electrical installations in residential, commercial, and industrial settings. The main cost driver is the material used in manufacturing: Galvanized steel is the most common. Please click this for the [ELECTRICAL MATERIAL PRICE LIST](#) for link if you need the cost of materials for wires/cables, conduit, cable trays and accessories. The electrical installation manhours below include hauling from storage, layouting and installation of wire/cables at a height of 3 meters. Compare B2B and B2C pricing, materials, and supplier options. Click to explore cost-effective solutions for industrial and commercial projects. That number matters, but it's rarely the one that decides whether a project stays within budget.
