

## New Telecommunication Tower Project in Belgium

### Overview

Nextensa plans to redevelop the 115,000m<sup>2</sup> office towers, renaming them Bel Towers and offering mixed purpose space for offices, residential use, public facilities, shops and restaurants. Belgium Tower Partners is a telecommunications infrastructure company with a portfolio of more than 3,320+ sites across Belgium. Our high-quality telecom tower portfolio is strategically located to offer maximum coverage for all your technological needs including broadband, point-to-point. Belgium Tower Partners is the first independent tower company in Belgium. The Company owns, manages and operates a portfolio of towers, rooftops, other macro sites and small cells that are attractively located to meet growing demand for high-quality 5G deployment. Belgium will become the newest member of the independent towerco crowd after Telenet struck a deal to offload its passive infrastructure.
