

Norwegian Modular Network Cabinet Company

Overview

MP systems as was founded in 1965 in Lillesand, Norway. created as a plastic injection moulding facility, the company evolved to satisfy the major Telecommunications OEMs requirements for flexible racks and cabinets. Networks Centre are the preferred supplier of IT infrastructure products in Data Centres, Commercial Buildings, Outside Plant and Industrial Networks, offering a wide range of copper and fibre optic cabling systems, cabinets, Power and DCIM solutions. At Nordcab, we design and manufacture smart electrical cabinet systems that shape the future of industrial infrastructure. Rooted in Nordic precision and driven by innovation, we deliver solutions that combine functionality, connectivity, and design — built to meet the challenges of tomorrow's. Modulize is a procurement solution that streamlines the process for offsite construction, making it easier to find projects and submit bids. NORREQ represents Modulbygg from recognized and certified suppliers who have been active in modular construction in the international market since the mid-90s. We deliver total solutions for design, construction, and assembly.
