

## Norwegian ODM Core Switch SFP

### Overview

L3 managed 10G uplink Ethernet core routing switch with 8\*10/100/1000M RJ45 ports and 12\*1/10G SFP+ fiber ports. Built-in 75W power supply and supports 1U/19" cabinet installation. The ONV58008-12TFM is a high-performance L3 managed switch, which is a new generation convergence 10G switch for. With the trend of high speed Ethernet, 10/40/100Gbps, Edgecore switches offer a complete set of advanced software features that will easily satisfy the demands of enterprises and SMBs everywhere. Explore a range of switches optimized for exceptional speed, reliability, and scalability, meeting the demands of robust enterprise networking. BARNFIND can offer a wide range of SFP modules. These modules can be inserted into our other products like BTF1-02 and BarnMini-22. The modules that we offer are known to work within the requirements set by the industries. In cooperation with our sales partners we can aid you to select the correct. Time Sync.
