

Price of cable trays on the roof of a self-built house

Overview

Wireways and cable trays price structures are dominated by material costs, which account for 60-70% of total project expenses. Steel wireway systems typically fall in the \$8-20 per foot range, while aluminum variants command premiums of \$12-30 per linear foot due to corrosion. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. But the actual price is the cash outlay to the workers to assemble the parts. They cost more upfront, but they handle load and heat without complaint. Perforated cable. Panduit E1 Series - Premium aluminum systems at \$8-12 per foot with superior corrosion resistance T&B Copperfield - Mid-range steel options at \$4-7 per foot with standard configurations Carlon NEMA - Budget-friendly PVC solutions at \$2-5 per foot for light-duty applications Atkore HellermannTyton -. Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation.
